For Immediate Release

AKFP Names Technical Sales Director

Carter Foss has joined American Key Food Products as Technical Sales Director. AKFP distributes a wide range of starches, flours, nuts, seeds, spices and other ingredients. In his new role, Foss will provide technical support, such as formulation assistance, product development and problem solving to AKFP customers and sales staff.

He brings to the company extensive experience in ingredient technology as well as food service, having held a variety of R&D and technical support positions at Tate & Lyle, Kerry, Sensient, Nestlé and Ralston Purina.

Foss holds Bachelor of Science degrees in Biology and Chemistry, and a Master of Science degree in Food Science, all from the University of Missouri. He is also a member of the Institute of Food Technologists and Research Chefs Association.

American Key Food Products is a major North American distributor of potato-based ingredients produced by German manufacturer Emsland Group, and a wide range of high quality starches, spices, nuts, seeds and food ingredients from other leading producers.
